Think Aerosol, Think ACCRA PAC

OUR HISTORY

Accra Pac Group, USA was set up in the year 1967 in Elkhart, Indiana and went on to become the second largest contract packager for aerosol and liquid products throughout the United States and Canada. It was the pioneer in the concept of total packaging having a cutting edge with innovative technology and concepts serving the major fortune 500 firms in the food, automotive, household, personal care and pharmaceutical industries.

TODAY

Accra Pac India Pvt. Ltd. was established in the year 1979 at Vapi, Gujarat and today it has emerged as an industry leader in the business of contract manufacturing of consumer products in categories like aerosol, liquids, creams, lotions and semi solids.

Accra Pac India Pvt. Ltd. has throughout the years grown steadily, earning the respect of its customers and suppliers alike for its responsiveness, accessibility, technical knowledge, product quality and deliverance. We look forward to being your partner in the manufacturing and marketing of quality consumer products.

Our manufactured products are marketed by national and multinational companies, catering to various industry segments ranging from Pharmaceuticals, Ayurvedic, Cosmetics & Toiletries to Personal Care, Household, Automotive and Industrial products.

OUR SUCCESS MANTRA

Accra Pac provides efficient service, giving our customers the most value for their packaging investment. Every product has its specifications listed in our total service manual. Our unique total service manual guides customer's products from formulation through manufacturing.

Our inspection process meets rigorous standards. We ensure precision throughout all stages of product's development. Our plant operates under current good manufacturing practices and conforms to both local and international regulatory authorities including the FDA and EPA.
